

Compound word puzzles

Two small words make one big word. Only the right pieces fit together.

This one is put together. Below, the same 3 pieces are pulled apart.

1 or 2 players

-  Cut out the pieces on the dashed lines.
-  Find two small words and the big word they make.
-  Push the edges together. If they fit, you got it!

Tip. Laminate the pages before you cut. Then lay the small-word pieces face down and play memory. Find two halves that go together. Any real word counts, like sun + fish.
