Cut out one word card for each player. Cards 1 to 4 share the twenty words with no overlap, so hand out one set of four. Use all eight for a bigger group.

Heart Word Hunt

Halloween edition

20 heart words your child cannot sound out, read out loud again and again.

What you need

2 to 8 players · one die · a counter each (a coin, a button, a dry bean) · scissors for the word cards · about 35 minutes for two players, longer for more

How to play

1. Cut out one word card for each player and write a name on the back.
2. Take a counter each and put every counter on START.
3. Roll the die and move your counter that many spaces around the board.
4. Read the word you land on out loud.
5. If that word is on your card, tick its box.
6. The first player to tick all five words on their card wins.

The board prints these rules in short. Your word list is the card you cut out, and a check is a tick. Short on time? Play to three words instead of five.

What is inside

Page 1 is the game board and page 2 is the word cards, so those are the two sheets you need. This page is the full rules, for the drawer or the classroom folder.
